HARI VENKATESH P
Full stack developer

✉ connectwithhari0513@gmail.com 👤 Portfolio

in Hari Venkatesh P ⌨ hari-venkatesh

SKILLS

Languages

`JavaScript` `NodeJS` `Java`
`HTML` `CSS` `TypeScript`

Frameworks

`ReactJS` `SpringBoot` `VueJS`
`Bootstrap` `ExpressJS` `NextJS`

Databases & Others

`MySQL` `MongoDB` `AntD`
`PostgreSQL` `TailwindCSS` `Git`
`MaterialUI` `Cypress` `Agile`

ACADEMICS

B.E. Computer Science & Engineering
2018 - 2022 | 76%
KPR Institute of Engineering and Technology

Higher Secondary
2018 | 85%
Infant Jesus Higher Secondary School

INTERESTS

- Internet of Things
- Data Analytics
- Networking
- Microservices

LANGUAGE

English, Tamil, Kannada,Telugu

OBJECTIVE

An innovative optimized solution seeker and result-driven full-stack developer dedicated to build and optimize user-focused websites and applications. Looking for intriguing engineering problems to solve across high impact functional domain. I love working in groups and can develop a rhythm with co-workers in no time.

EXPERIENCE

○ Full Stack Developer
Dec 2022 - Present
QpiCloud Technologies, Bangalore, Karnataka

- **Data Centre Management Software Development**
  Contributed to the development and debugging of Data Centre Management software for the diverse clients, including Siemens. Played a crucial role in enhancing the reliability and performance of data center management solutions.
- **Virtual Machine Creation and Health Monitoring**
  Developed software solutions enabling the creation of the VMs and real-time health status monitoring. Ensured seamless and efficient management of the virtualized environments.
- **Data Validation and Global State Management**
  Implemented client-side data validation techniques and global state management strategies to reduce API callbacks by 20% and enhanced user experience. Streamlined data handling processes for improved application responsiveness.
- **MERN Stack Expertise for CRUD Operations**
  Demonstrated proficiency in the MERN stack by actively experimenting and making significant code contributions. Showcased practical skills in full-stack web development, particularly in the areas of CRUD operations.
- **Test Code Coverage Leadership**
  Led a team in achieving a remarkable test code coverage of 80%. Ensured thorough and comprehensive testing, enhancing the overall software quality and reliability.

○ Java Full Stack Trainee
Jul 2022 - Dec 2022
JSpiders, Bangalore, Karnataka

- **Versatile End-to-End Application Development**
  Made significant contributions to the development of a diverse range of end-to-end applications, with a strong focus on the Spring Framework. Demonstrated versatility and extensive experience in creating and delivering various software solutions, highlighting readiness for the job role.

CERTIFICATIONS

NodeJS Fundamentals
LinkedIn Learning   Dec 2022 🔗
Node, npm, File operations, Web frameworks, DB connectivity, Error handling, Asynchronicity, Testing, Live project.

MERN Masterclass
LinkedIn Learning   Dec 2022 🔗
React, Router, Node, Express, MongoDB, Firebase Auth, Amazon Web Server, Live project.

ReactJS Essentials
LinkedIn Learning   Dec 2022 🔗
React, React elements, React components, React states, Form handling, Asynchronous react, React router, React testing and deployment.

Learning Next JS
LinkedIn Learning   Nov 2023 🔗
Routing, Caching, Data Fetching, Server-Client Components, Route Interception, APIs, Revalidation

ACTIVITIES

- **Regional CSI Secretary**
  Organized online and offline technical events.
- **Event Management Lead**
  Coordinated technical events and webinars with top tech speakers.
- **Marketing Team Leader**
  Collaborated with 20+ companies and led a 2500+ student Indian-level Techno-Cultural Event.

SOFT SKILLS

- Interpersonal Skills
- Communication
- Collaborative team player
- Decision Making
- Active Listening

PROJECTS

Aviation Data Analysis Dashboard   Nov 2023 🔗
NextJS | NodeJS | MongoDB | NextAuth | Tailwind CSS | MaterialUI
A responsive data-driven platform that offers real-time insights and visualizations for informed decision-making in the aviation industry.

Blog Site   Dec 2022 🔗
ReactJS | NodeJS | ExpressJS | MongoDB | Firebase | HTML | CSS
A dynamic full-stack blog, enabling multi-domain article hosting and showcasing expertise in end-to-end web development.

My Website   Dec 2022 🔗
ReactJS | AnimateCSS | HTML | CSS | JavaScript
An interactive portfolio website using ReactJS, enriched with dynamic animations, showcasing creativity and technical prowess.

Messaging App   Dec 2022 🔗
NodeJS | HTML | CSS | JavaScript |MongoDB
A dynamic live messaging application, showcasing proficiency in full-stack and real-time communication technologies.

Big Basket   Nov 2022 🔗
VueJS | HTML | CSS | JavaScript
An e-com grocery cart, demonstrating frontend development skills in creating a user-friendly online shopping experience.

Mini Notes   Nov 2022 🔗
HTML | CSS | JavaScript
A responsive web application to create efficient and intuitive tools for organizing and managing user notes.

Google Image Downloader   Nov 2022 🔗
HTML | CSS | JavaScript | jQuery
A browser extension streamlining the process of bulk image downloading and showcasing and web extension skills.

Authentication System   Nov 2022 🔗
Spring Boot | Spring Security | Hibernate | Thymeleaf | MySQL
A secure web auth system, demonstrating expertise in creating a robust user authentication experience for web applications.

SUMMARY

- High knowledge on **J2EE** development toolset to design, test, deploy and maintain software.
- Ability to manage both back-end and front-end aspects of development process. Equipped with great coding, debugging and project management abilities.
- Good hands-on experience on Object Oriented Programming, Data structure and Algorithms, Version control. Deep view on Collections framework, REST, SOAP, and RDBMS concepts.
- A perfect team player **with a zest for the enrichment of the organization** and a well-organized, quick learner with the ability to plan and prioritize work.
